

`solve_theta_plan_single`

```
graph LR; A[solve_theta_plan_single] --> B[pascal_tdma::pascal_tdma_single_solve]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text `solve_theta_plan_single`. The right box is light gray with a black border and contains the text `pascal_tdma::pascal_tdma_single_solve`. A dark blue arrow points from the right side of the left box to the left side of the right box.

`pascal_tdma::pascal
_tdma_single_solve`
